

Directions to King's Maths School (student entrance)

Please make your way to the **student entrance** to the school, which is located at the back of the building whose address is:

5 Lambeth Walk
London
SE11 6SP

When you arrive at this address you will see a GP surgery. If you are facing the surgery, you need to take the path down the right hand side of the surgery (China Walk). Once on the path you'll see King's Maths School in large bright yellow lettering ahead of you. At the end of the path (just before the car park), there are some grey doors on the left.

The grey doors are the student entrance to the school.
