

GCSE PREPARATION COURSE

**KING'S
MATHS
SCHOOL**

ARE YOU TARGETING A

GRADE 8 OR 9

IN GCSE MATHS THIS SUMMER?

DO YOU WANT TO
MAKE THAT TARGET
A REALITY?

THEN JOIN US FOR

THREE DAYS OF MATHEMATICS
MASTERCLASSES FOCUSING ON THE TOP
GRADES, HERE AT KING'S MATHS SCHOOL

SEVEN+

A specialist state funded school for gifted mathematicians aged 16-19 in the heart of London, run in partnership with King's College London.

KING'S
College
LONDON

"IN MY YEAR 11 MOCK IN MATHEMATICS, I ACHIEVED A LEVEL 6, BUT IN MY GCSE'S, I ACHIEVED A LEVEL 8 ALL THANKS TO THIS COURSE"

BOGDAN

"THE WHOLE EXPERIENCE WAS **INVALUABLE** AND I LEARNT SO MUCH OVER THE 3 DAYS"

RAMNEEK

Join us at King's Maths School for three days of masterclasses to strengthen the knowledge, skills and understanding that are needed for GCSE success. We will help you to turn a grade 7 into an 8, and then a grade 8 into a 9!

WHEN?

April 14-16, 9:30 to 15:30 each day.

WHERE?

All sessions take place at King's Maths School, 80 Kennington Road, SE11 6NJ. The school is located centrally, and just a short walk away from Waterloo, Lambeth North and Elephant and Castle stations. Local bus routes include 3, 59, 159, 344 and 360.

WHAT?

SEVEN+ is a carefully designed programme of sessions to improve your mathematical knowledge and skills, and also your confidence and success with mathematical reasoning and problem solving. Led by experienced teachers, the sessions will be fun, of course, but also intensive and demanding: strenuous workouts in the maths gym! You'll leave each day feeling more confident of achieving a very high grade in your GCSE, and you'll have made more secure the knowledge and skills you'll need to do so.

WHO?

SEVEN+ is for students who:

- attend a non-selective state school
- do not have parent(s) or carer(s) who studied at university
- are targeted to achieve a grade 8 or 9, but at the moment are not securely meeting that target

We will prioritise offers to applicants who:

- live or have lived in local authority care
- are a young carer
- have, or consider themselves to have, a disability
- have been eligible for Free School Meals in any of the past 6 years
- come from neighbourhoods with low overall progression rates to higher education.

HOW?

Apply online at www.kingsmathsschool.com Select ACTIVITY & OUTREACH and find the SEVEN+ section.

The deadline for applications is **25 February**.

HOW MUCH?

The SEVEN+ masterclasses are free of charge and lunch is provided.

This course is being run in conjunction with, and is generously funded by, the Widening Participation Department at King's College London, whose purpose is to ensure that the opportunities provided by universities are accessible to students from a wide range of backgrounds.
