

REVISION+

Revision+ is all about helping you achieve the GCSE maths and physics grade you want.. Providing you with the tools and skills to turn a grade 7 into a grade 8, and then a grade 8 into a grade 9!.

We have carefully crafted this programme to help you during the crucial time in year 11. The Revision+ Easter programme is completely free and welcome to all! Revision+ is proven to help students like you achieve the GCSE results they want!

The whole experience was amazing and has really increased my understanding in topics

Our experienced teachers will lead you through a series of mathematics and physics masterclasses targeted for GCSE success. These sessions will be challenging and demanding, but it is exactly this quality which leads to your success. You will not only strengthen your knowledge but your skills. We can promise that you will leave each day feeling more confident in your ability to achieve a very high grade in your GCSEs.

Who: REVISION+ is for year 11 students who:

- attend a non-selective state school
- are targeted to achieve a grade 8 or 9, but at the moment are not securely meeting that target

Apply online [here](#) and for more information go to kingsmathsschool.com, select **ACTIVITY & OUTREACH** and go to the **REVISION+** section.

The REVISION+ masterclasses are free of charge and lunch is provided.

Dates: Mon 3rd April - Thurs 6th April. Sessions run from approximately 09:45-16:15 each day.

Location: King's Maths School, 80 Kennington Road, SE11 6NJ.

The school is located just a short walk away from Waterloo, Lambeth North and Elephant and Castle stations. Local bus routes include 3, 59, 159, 344 and 360.

King's College London Maths School is a specialist state funded school for gifted mathematicians aged 16-19 in the heart of London, run in partnership with King's College London.

Our website and contact information can be found [here](#)

Deadline for applications: Sunday 5th March.
